Re: Request for Endorsement
XXXIII National Congress of Critical Care Medicine 2007.
Guadalajara, Jalisco, Mexico from October 29 to November 2, 2007

Thank you for your recent email with details of the XXXIII National Congress of Critical Care Medicine 2007 and your request that the endorsement of the World Federation of Societies of Intensive and Critical Care Medicine (WFSICCM) be conferred on the meeting.

On behalf of the Council of the WFSICCM, I am delighted to offer you our endorsement for this important National Congress.

I have read your Congress program with great interest and the Organising Committee are to be congratulated. It is a most impressive scientific programme enhanced by a group of excellent speakers from both Mexico and other parts of the world.

This Congress is another milestone in the evolution of the Asociación Mexicana de Medicina Crítica Terapia Intensiva and the World Federation welcomes our strong association with the AMMCTI organisation. I look forward to our continued partnership and successful future initiatives.
