

Letter to the editor

Rafael Paulino Leal-Villalpando*

* Anesthesiologist and Internist
Médica Sur.

Dear Dr. Raúl Carrillo-Esper
Editor

Mexican Magazine of Anesthesiology
Your office

The present communication is an explanatory correction letter related to the article: *Peri-operative evaluation and management of patients with hepatic cirrhosis for non-hepatic surgery*, published by the Mexican Magazine of Anesthesiology, volume 31, attachment 1, pages: S132-S138. Due to an error from my part when sending the paper to the XXXIV Training Course on Anesthesiology and Peri-operative Medicine, I copied a work that did not correspond to the article that I should have sent; therefore, the authors of the paper whose quotation I mentioned before are: Drs. Ana Lilia Garduño López and Sandra Castro Gómez, but not Rafael Paulino Leal Villalpando. Furthermore, the mentioned article is a part of the guides for the evaluation and management of patients with hepatic cirrhosis for non-hepatic surgery that were performed at the Salvador Zubirán National Institute of Medical Sciences and Nutrition. I beg you for the inclusion of the present explanation in order to give the corresponding credits to Drs. Garduño and Castro.

Thanks in advanced for your attention.

Yours sincerely.
