

Message of the president

Ladies and gentlemen

The Colegio Mexicano de Anestesiología A.C., has been distinguished for the scientific quality courses. In these scenarios topical subjects are review based on evidence and on the experiences of panelists of national and international stature. It is an annual event that brings together Anesthesiology specialists from all over the country. MDs update their knowledge and work protocols for the patients' benefit. It will try to get together as many anesthesiologists as possible in order to give them updated and valid information about products, equipments and techniques, which will contribute to the development, not only of the specialists but also of MDs in training.

Today, after a joint effort of imagination and fruitful work, in this year 2012 we hope to fulfill each of your expectations.

MD. J. Antonio Castelazo-Arredondo
