

# **7<sup>th</sup> Immunology Congress**

May 26-June 3, 2011

We warmly welcome you to the 7<sup>th</sup> Congress of Immunology. In this occasion we will have two courses: Advanced Immunology (May 10-13 in Havana) and Infectious and Autoimmune Diseases of Central Nervous System (June 6-8 in Sancti Spíritus) and two workshops covering all Immunology Society Sections (May 26-27, Riviera, Havana) and *Neisseria* Vaccines and Adjuvants (May 29-June 3, Varadero, Matanzas).

The Immunology Society Sections is aimed to up-date and discuss the Immunology results related with: Vaccine and Adjuvant, Diagnostic, Therapy, Transplant, Veterinary, Pharmacology, Allergy, Tumor, Autoimmunity, Clinic, Neurology, and Teaching obtained after the 6<sup>th</sup> Congress of Immunology in 2008.

*Neisseria* Vaccines and Adjuvants workshop is the follow-up to the successful 2007 and 2009 *Neisseria* Vaccines workshops held in Varadero, Cuba. Its goals are to discuss: 1) cutting-edge research on new and current *Neisseria* Vaccines, 2) cutting-edge on mucosal bacterial interaction, herd immunity, mucosal vaccines, and mucosal adjuvants, and 3) topics ranging from basic research and development, to production, quality control and regulation in *Neisseria* Vaccinology.

You are welcome,

**Oliver Pérez**

President of 7<sup>th</sup> Immunology Congress  
President of Cuban Society for Immunology

**Rolando Sánchez**

Co-President  
7<sup>th</sup> Immunology Congress
